NURSING HOME CARD CARE MINISTRY

being the
Church

Join us in sending smiles and hope through our Nursing Home Card Care Ministry! There are many lonely folks in nursing homes that can't receive visitors due to COVID and don't have any letters coming in from family or friends. We'll be loving on one nursing home in our area every few weeks by praying for their residents and staff and by sending letters and cards. All ages can participate! A simple card, letter, drawings, and/or homemade card can go a long way to those who are isolated right now. Let's flood our nursing homes and show them the love of Christ through our actions. Please see below for instructions on how you can serve while maintaining social distancing.

- **Who to address your letter to:**

Nursing homes have asked us to keep this generic so that they can give our letters to those not receiving correspondence.
